Club Background, Structure and Basic Range Rules

Gem City Gun Club Inc. was formed in 1949 by the merger of two existing gun clubs and was incorporated under the laws of the Commonwealth of Pennsylvania in 1952 as a not-for-profit corporation. We believe that we are the oldest continuing Gun Club in this area. Initially we began as a pistol club but today we have evolved into one of the largest and most comprehensive gun oriented organization in the tri-state area. Although our primary function is to provide range facilities and related support for our membership, we also provide community service functions such as range support to many area police and other government organizations, firearms training, hunter safety training, special events, and other related functions. The Club is situated on approx. 60 acres east of Erie, Pa. at 8865 Donlin Rd. in Harborcreek Township.

The Club is structured to operate with a Board of Directors under the direction of shareholders. The membership breakdown is as follows:

- Shareholders
- Social Members
- Junior Social Members

Monthly meetings are held at 7:00 PM on the second Thursday of each month at the clubhouse located at 8865 Donlin Road.

As an active member you may have nonmember guests accompany you to no more than 3 range visits after which they must make the decision to join or not. If an unaccompanied nonmember is using our facility, then that person is trespassing. If you suspect that an unauthorized person is using our facility, record as many details as you can and report that person to a board member as soon as possible.

Always read the main bulletin board located outside the Club House, or view our web page for scheduling and other up to-date information.
